

Multi Cleaner

Universal cleaner for all interior and exterior boat surfaces

page 1 of 1

The highly concentrated, phosphate- and solvent-free, alkaline universal cleaner cleans all surfaces down to the pores and gently. Due to its enormous dirt, grease and oil-carrying capacity, it can be used universally for cleaning the interior and exterior of the boat. Special corrosion inhibitors ensure high material compatibility with sensitive components such as anodized aluminium.

Areas of use

Suitable for all surfaces inside and outside the boat

Recommendations for use

Depending on the degree of soiling, dilute 1:50 to 1:10 with water. Scrub the surface thoroughly with a brush, sponge or scrubber and then rinse or wipe with a damp cloth and leave to dry.

Container

Container	Item no.
1 L	515001
10 L	515010

pH-value: 12,5

Warnings

Check for material compatibility before use. Only use on washable surfaces. Do not allow to dry.
